

# WORLDWIDE

## Voltage and Frequency

The voltage and frequency of alternating current electricity varies from country to country throughout the world. Note that the volts are averages, since voltage does fluctuate during usage.

■ 220 - 240V / 50 Hz

■ 220 - 240V / 60 Hz

■ 100 - 127V / 60 Hz

■ 100 - 127V / 60 Hz
