

Z-LOCK™ Dual-Locking Power Cord

As the first universally compatible dual-locking power cord, Z-LOCK securely locks connections into place on both ends of the cord, regardless of the IT device or rack manufacturer.

SECURE CONNECTION

Locks in place on both ends of the cord, securing the power path and eliminating disconnects

UNIVERSAL

Compatible with any IT infrastructure and power supply, regardless of manufacturer

INDUSTRY WARRANTY

Backed by an industry-leading 3-year product warranty

INCREASED UPTIME

Improves uptime by securing both ends of the power cord

OPTIONS AVAILABLE

Comes in various connector configurations, 8 colors and 9 cord lengths

EASY INSTALLATION

Easy to install and remove, and can be reused on future projects
